Rodriguez and Associates Obtains Record \$70 Million Verdict on Behalf of a Family Injured in a Major Big Rig Accident

Rodriguez & Associates obtained a \$70,578,289 verdict on behalf of a family injured in a major crash with a big rig in Bakersfield, California that happened in August of 2017.

Two days before school was starting, Tomasa Cuevas, mother of Alex and Maritza, was driving her kids to shop for school clothes when a big rig ran a red light and slammed into their SUV.

Tomasa was knocked unconscious and suffered numerous skull and facial fractures.

Her son, Alex Cuevas, was a star cross-country runner. After the crash, doctors told Alex that he might never be able to run again. He also suffered skull and facial fractures.

The rear passenger was 11-year-old Maritza Cuevas who witnessed the horrific injuries to her mom and brother.

The \$70,578,289 million verdict is the highest personal injury verdict in Kern County history.

“This was a crash that was 100% preventable because the truck driver should never have been on the road in the first place because he was driving on a suspended driver’s license,” said [Attorney Daniel Rodriguez](#). “And, the family is grateful and thankful to the Kern County jury for listening to their story.”

Our Bakersfield personal injury law firm has more multi-million-dollar verdicts than any other law firm in the Southern San Joaquin Valley.
